

Uniface Technical Support: Uniface 10.2.01 Patch F108 available for LIB, LU6, RSD, SO9, W32 and W64

Uniface 10.2.01 Patch F108 available for LIB, LU6, RSD, SO9, W32 and W64

Author: daniel.iseli@uniface.com (diseli)

Updates for F108	
Issue Number	Description
31427	The USP Checkbox widget is no longer normalized to False. We recommend that any check box with a null value be explicitly set to false before the data is stored.
